Partly cloudy and somewhat cooler tonight and Wednesday.

Local Data.

Temperature for twenty-four hours. Highest yeaterday, 85; lowest last night, 71; mean, 78.

Corresponding date last year: Highest, 83; lowest, 70; mean, 76.

Normal for this date, 74.

Accumulated excess in mean temperature since Jan. 1, 186 degrees.

Relative humidity (per cent.): 7 p.m., 58; 7 a.m., 86.

Precipitation for twenty-four hours ending 7 a.m. todsy, .0.

Total precipitation since Jan. 1, 32-12 inches.

Accumulated deficiency is 4.78 inches.

Accumulated deficiency is 4.78 inches. Highest wind velocity for twenty-four ours ending 7 a.m. today, fifteen miles, outh.

River stage at 7 a.m. (feet), 7.6. Rise in twenty-four hours (feet), 0.2.

Weather Conditions. Weather Conditions.

The central disturbance has advanced northenstward to the upper lake region and the southwestern disturbance has moved slightly southeastward to El Pago. During the past twenty-four hours light to moderate precipitation has occurred over the central Rocky mountain region eastward into the Ohio valley and northward into the lake region. A high-pressure area is advancing from the northwest, causing lower temperatures over the Missouri and upper Mississippi valleys. Light frost formed at Winnipeg and freezing weather occurred at Swift Current.

Conditions are favorable for partly cloudy and somewhat cooler over this section tonight and Wednesday. Men Feel Tired, Too.

While much is said about tired romen, it must be remembered that women, it must be remembered that men also pay the penalty of overwork. When the kidneys are weak, inactive or sluggish, when one feels tired out and miserable, lacks energy and ambition, Foley Kidney Pills are tonic and strengthening. Wm. H. Clark, Springfield, Ohio, writes: "I found no relief from kidney trouble until I discovered Foley Kidney Pills, Now I am In A I shape." They act quickly and surely. Jo Anderson, druggist, Chattanooga, Tenn.—(Adv.)

ARCHIE ROOSEVELT COMES BACK, WOUNDED

An Atlantic Port, Sept. 2.—Capt. Archie cosevelt, zon of Col. Theodore Roose-elt, arrived here today from France, here he was wounded in the fightling ound Cantigny during April. On the me ship were seventeen other officers id about 300 non-commissioned officers id men, who have been invalided home redistribution in various convelescing and men, who have been invalided home for distribution in various convolesseing hospitals. In addition to having his left arm shattered by a German machine cun bullet while leading his men in a charge. Capt. Roosevelt is suffering from what he described as a "had case of nervea." His arm is partly paralyzed, and it is likely he will not be able to return to active duty for many months. He declined to say much about the action in which he was wounded, adding that as a matter of fact he remembered very which he was wounded, adding that as a matter of fact he remembered very little about it,

little about it.

Among the officers coming ashore to-day with Capt. Roosevelt was Maj. Martley A. Moon, of Birmingham. Als. Maj. Moon, who was attached to the Rainboudivision during the fighting in the Lorraine sector, also had his left arm shattered by a bullet. It is said most of the 300 men, as well as the officers, who arrived today will not be returned to France because of the severe nature of their wounds.

JUDGE YARNFLL DID NOT JOYRIDE ON SUNDAY

Sold Car With Number Complained of to Fred Stocker.

plained of to Fred Stocker.

Judge Oscar Yarnell, whose name was published in the list of those who had seen fit to jouride on Sunday, stated Tuesday that he was not riding at all Sunday, but stayed at home and was not even out of his front yard. He said that the automobile and the number published belonged to Fred Stocker, and was sold to Stocker by him several months ago. "I now have a different car and a different number," said the circuit judge, and have nothing to do with the ear that was seen about the streets on Sunday."

RECENT FIRMNESS IN STOCKS CONTINUES

IN STOCKS CONTINUES

New York, Sept. 3.—Resumption of dealings in stocks after the double holiday was characterized by a continuance of the recent firmness, especially in rails. That group registered many substantial gains in the first half-hour under lead of linion Pacific, Great Northern preferred, New Haven and Southern railway, although Reading eased slightly. Steels, coppers, shippings and equipments were fractionally over last week's final quotations. International bonds as well as domestic issues were steady to firm.

Trading slackened during midday, but prices continued upward under the influence of United States Steel. Related issues were 1 to 3½ points higher, and secondary rails made additional gains. General Motors was the only conspicuous exception, declining 3 points.

Another spirited advance in United States Steel and a 5-point gain in hide and leather preferred were the striking features of the active final hour. The closing was strong.

ANTIFEE LAW HELD UNCONSTITUTIONAL

MEASURE AFFECTS VARIOUS COUNTY OFFICIALS.

Judge J. D. B. DeBow, New the positions, notably to the positions, notably to the positions of \$13 a bale. Criminal Judge of Davidson, Hears Case.

With the British Armies in France, Sept. 3.—(12:31 p. m.)—The determined German resistance at the cross roads north of Villers-les-Cagnicourt was overcome by the British this morning and Haig's mea. are now shoving forward in the direction of Cambrai.

A strong British force is driving forward on the northern reaches of the Hindenburg line. The British are well inside the Drocourt-Queant line.

So far as learned no organized counter attacks have been developed by the Germans, but on the extreme British left determined opposition is delivered.

the bill.

County Judge Litten Hickman, ngainst whom the action of Wright was taken on Monday, presented his case before Judge DeBow and asked for a speedy hearing and an immediate opinion in order that the case may be taken to the supreme court when that tribunal sits at Knox-ville on Sept. 16.

A fight is anticipated when the case goes to the higher court, and a still warmer contest is expected when the next legislature meets should the supreme court hold the act unconstitutional.

This is the first test of the present act. Sheriff Wright having taken office the day it became effective.

Time for Action.

Knoxville, Sept. 3.—(Special.)—"Shall the voice of the people and the laws made to protect the state be set aside on some possible technicality by the courts." said Judge P. Williams, of the city court, in speaking of the county officials in Knox, Davidson and other counties who are taking steps to declare the antifee bill unconstitutional. The amount allower by the bill, no doubt, is a higher salery than any of the officials have made.

"Further seems the property of the state of the same state of the officials have made."

made.

"Further, none would have dared to oppose the law before election in August. There should be steps to have this case heard before the supreme court at Knox-ville at the September term, so if there is any deficit in the bill it can be corrected at the next legisla ure. All of the candidates made the race for county office on a salary basis, and they should be willing to accept the same. It is time citizenship should wake up and protect home just the same as the boys in the trenches are protecting us at home." Coughed Fifteen Years.

Coughed Fifteen Years.

Coughs that hang on and grow worse in the night and weaken the sufferer are relieved by Foley's Honey and Tar oftener than by any other remedy. R. F. Hall, Mabe, Va., writes: "For 15 years I was afflicted with a trouble-some bronchial cough and trritation of the throat. Foley's Honey and Tar relieved me; after taking one bottle the cough ceased and has not returned." No medicine stands higher as a family remedy for colds for children and grown-ups. Jo Anderson, druggist, Chattanooga, Tenn.—(Adv.)

AMERICAN STEAMSHIP **ONEGA TORPEDOED**

A British Port, Sept. 2.—(6 p.m.)—The American steamship Onega has been torpedoed. The vessel foundered Friday night. Twenty-nine persons were saved. Twenty-six are missing. Many hodies have been washed ashore. The captain of the Onega was drowned. His body has been landed.

RENEWED FIRMNESS

New York, Sept. 3.—The cotton market showed renewed firmness at the opening today. Strong Liverpool cables, the inspiring character of the war news and reports of internal troubles in Bulgaria, combined with continued expectations of a very builtand government cropreport, evidently served to stimulate demand. Liverpool was a good buyer, while there was active covering and moderate selling orders from the south ware readily absorbed at an opening advance of 50% points. October contracts soid at 35.40c and January 34.70c, making net gains of \$8% 90 points shortly after the call.

There was realizing enough at this level to cause some irregularity, with the market rather feverish as the hour for government report approached. A canvass of cotton exchange members showed an average expectation that the government would make the condition 57.8.

showed an average expectation that the government would make the condition 57.8.

The market bulged strongly on the condition report of 55.7, rising over a hundred points in a few minutes of trading. Up to noon the advance amounted to 2050214 points, all months making new high records. October at its best stood at 25.05c.

Business quieted down considerably in the early afternoon, and apart from its steadiness the market showed little feature. Prices ruled about 70 points under the highest of the morning, October seling at 35.40c, December at 35.85c and January at 35.72c.

NEW ORLEANS COTTON.

New Orleans, Sept. 3.—Bullish expectations regarding the bureau report on condition and the favorable war news over the holidays caused a strong buying movement on the orening of the cotton market today. In the first half-hour of trading prices rose 756783 points.

Realizing by longs caused a small reaction from the advance. At 1 c clock the trading months were 1756183 points up. net.

2,482,000 BALES

Past Month Most Disastrous to Cotton Crop Ever Recorded. Department's Statement.

Washington, Sept. 3.—August was the most disastrous month to the cotton crop that has ever been recorded, a loss in prospective production amounting to 2,482,000 bales resulting from the severe drouth. The department of agriculture today forecast the crop at 11,137,000 equivalent 500-pound bales, basing its estimate on a canvass made Aug. 25.

In a statement issued with the crop report the department of agriculture said;

cauvaient so-pounds bases, casing it estimate on a canvass made Aug. 25.

In a statement issued with the crop report the department of agriculture said:

"The past month was the most disastrous in its effect upon the cotion crop that has been recorded, the decline being 17.9 points, equivalent to a depreciation of 24 per cent. in one month. The forecast of yield per acre, 145 pounds, is smaller than any yield ever reported.

"A large acreage, however, permits a forecast of total production of 11,137,000 bales, which is but slightly smaller than the last three crops. The depreciation was more or less general throughout the cotton belt, but greater in the west (Texas and Okiahoma especially) than in the cast. The principal cause of the decline is extreme drouth, but contributory causes are boil weevil, red spider and rust."

Condition of the crop by states:

rust."
Condition of the crop by states:
Virginia, 84: North Carolina, 77: South
Carolina, 67: Georgia, 66: Florida, 66:
Alabama, 66: Mississippl, 67: Louisiana,

1918 COTTON CROP TO BE 11,137,000 BALES

Represents Slight Falling Off From Last Year and · Year Before.

Washington. Sept. 3.—The crop reporting board of the bureau of crop estimates of the United States department of agriculture estimates from the reports of correspondents and agents of the bureau that the condition of the cotton crop on Adg. 25 was 55.7 per cent. of normal, as compared with 73.6 on July 25, 1918, 67.8 on Aug. 25, 1917; 6.2 on Aug. 25 of the past ten years.

A condition of 55.7 on Aug. 25 forecasts a yield per acre of about 145.2 pounds and a total production (allowing 1 per cent. from planted area for abandonment) of about 11,137,000 bales. That is, the final out-turn will probably be larger or smaller than this amount according as conditions hereafter are betteer or worse than average conditions. Last year the production was 11,300,254 bales; two years ago, 11,449,930; three years ago, 11,191,820.

"'ROUND THE TICKER"

New Orleans, Sept. 3.—Nearly normal temperature conditions prevailed over the cotton region Sunday and Monday except that there was a slight excess in Texas and Oklahoma. Precipitation occurred over the greater portion of the cotton region Sunday in scattered localities Monday and at a few stations in Florida. Georgia, Alabama, Missispipi, Louisiana and Texas this morning. Showery westher is forecast for the entire cotton belt.

Bureau says indicated yield per acre is 145.2 pounds. Indicated crop excluding linters 11,137,000 bales.

GRAIN.

Chicago, Sept. 3.—Main feature in corn has been the heavy receipts and lower cash prices, 5 to 10 cents lower. Commission houses bought early then turned sellers along with eash houses and elevator interests. While no particular bulge is expected in corn and oats, apparently there seems to be some improvement in local sentiment with reward to some steadiness in the coarse grains at these levels.

Clement Curtis' condition report corn.

Clement Curtis' condition report corn 66, versus Snow's report of 64.8; oats 81.3. Indicated crop of 2.630,000,000 bushels corn, and 1,461,000,000 bushels oats, Cash corn 5 cents lower; oats 14@1/2c lower.

RICH NOR POOR

TO ESCAPE TAX

New Revenue Bill Puts Greatest Weight on War Profits and Luxuries.

Washington, Sept. 3.—The new war revenue bill, designed to raise 40 per cent. of the war expenses of the

government during the next fiscal year by taxation, was reported by the house ways and means committee today.

ways and means committee today.

The taxes on excess war profits and incomes form the backbone of the great measure. These are levied for the calendar year 1918. The luxury and semi-luxury taxes and all other levies are effective when the bill becomes a law. A "floor tax" similar to that in the last revenue measure, requiring retailers dealing in taxable

that in the last revenue measure, requiring retailers dealing in taxable commodities to inventory their stocks for taxation when the bill goes into effect, is carried in the new measure. The revenue bill reported today is the greatest tax measure ever set before any legislative body. Never before has any nation at war attempted to raise 40 per cent. of its expenses by taxation. The committee estimates the war expenses of the government

by taxation. The committee estimates the war expenses of the government during the present fiscal year at \$20,100,000,000, although appropriations atready made run well over \$30,000,000,100. The bill itself covers 190 pages and the report 200 pages.

Doubles Fresent Revenues.

The bill attempts to double present

Doubles Present Revenues.

The bill attempts to double present revenues from all sources. The majority of taxes contained in the measure were reported in International News Service dispatches of Aug. 17. New taxes were added at the last minute, however, when it was found the bill as written fell far short of the

\$8,000,000,000 goal.

The last tax written into the bill was a tax of 10 per cent, on the gross receipts of sightseeing automobiles, and a 5 per cent, tax on taxicabs' gross

To stamp out the illicit sales of nar-

To stamp out the illicit sales of nar-cotics which testimony of draft offi-cials before the commission had shown to have grown to an alarming extent, the committee provided for licensing all dealers and recording every sale. Physicians dispensing narcotics bear a tax of \$3 a year; retailers, \$6; whole-salers, \$12, and importers, \$29.

Profiteer Must Pay.

None, from the richest to the poorest citizen, will escape taxation under the new bill. The committee tried as best it could, however, to follow the

Greatest Sources.
The greatest sources of estimated revenue under the bill are:
Excess and war profits, \$3,100,000,000.
Income taxes, \$1,482,186,000 from individuals and \$828,000,000 from corporations.

porations.
Other big items of revenue are estimatel as follows:
Transportation: Freight \$75,000,000;

The increases in the taxes on the spec-ified incomes of married persons without dependents is shown by the following table:

WILL NOT BE EASY

TO FOOL MADRID

Spain's Pride and Honor Are Now Involved in Her Quarrel With Germany.

London, Sept. 3.—(Copyright, N. Y. World.)—Although Germany's semi-official organs indicate a complete surrouder to Spanish demands on the Uboat question, this is believed in high diplomatic quarters here to be merely the first riddle in what is intended to be tortuods, prolonged negotiations, during which the boche may continue his campaign against Spanish shipping.

Spanish Pride and Honor.

But there is sound authority for believing that the Spanish government—having, after prolonged consideration, made up its mind—can be relied upon to stand firmly by its position in which the pride and honor of Spain are now irrevocably involved.

As usual Geometry is playing for

As usual, Germany is playing for time. The first mollifying declarations concerning the attitude of the German government—so made as to leave Ger-many free to repudiate them if desir-able—were only the opening move in the game to test how far Spain was prepared to go in support of her de-

That Spain, if pressed too far, will break off diplomatic relations is confidently believed here, according to the best information from Madrid.

Mischievous German Agents.

The pro-German propagandists Spain/are striving to inflame feeling by asserting that the allies wish to drag her into the war, but the Spanish government is fully alive to the fact that nothing is further from the allies' wishes or intentions. All they want of Spain is a fair deal and preservation of her neutrality, which the Germans ceaselessly have been endeavoring until now to compromise.

German agents are constantly stir-Spain are striving to inflame feeling

until now to compromise.

German agents are constantly stirring up industrial troubles in mines from which the allies are getting ore, which Germany also would get if she could transport it.

That German U-boats have used the Spanish coast unknown to the Spanish newspapers, which have demanded strintent from the richest to the poortient of the poortien while scape laxation under the new bill. The committee tried as best it could, however, to follow the principles laid down by President Wilson in his war revenue address: First, that those best able to pay shall bear the major burdens, and second, that those best able to pay shall bear the major burdens, and second, that those best able to pay shall bear the major burdens, and second. The conformity with the president Wilson in his war revenue address: First, that those best able to pay shall bear the major burdens, and second. The committee tried as best it could, however, to follow the principles laid down by President Wilson in his war revenue address: First, that those best able to pay shall bear the major burdens, and second. The committee tried as best it could, however, to follow the principles laid down by President Wilson in his war revenue address: First, that those best able to pay shall bear the major burdens, and second the new bill. ter there (an old craft) under false pretenses, and her crew, including wireless and other experts, were deliberately planted at Santander to obtain information regarding projected shipments to the allies, to assist Germany in her U-boat campaign.

Following an allied protest, the U-boat crew was sent inland, but the Times followed up with a grave warn-ing that after the war the allies would

Junior High to Have

Formal Opening Tonight

Tonight at s o'clock the preliminary opening of City Junior High school will take place. The principal speakers of the occasion are Commissioner H. D. Huifaker and Supt. C. H. Winder, of the city schools. Following these speakers, several five-minute talks will be made by the heads of the various organizations represented are the Junior High. Among the organizations represented are the Junior High Civic league, the Parent-Teachers' association, the Red Cross and the Poultry club.

Col. Patrick, head of the military training for the city schools, will be present and will outline his plans for military training for the coming year.

Music will be furnished by Mrs. Dicky, instructor of music in the city schools, and Mrs. Hickey, head of the music department for Junior High school.

TENNESSEE SELECTMEN

Moreover, the spectacle on the west-ern front is instructive to those Spaniards who have looked for Germany's assistance after the war by fulfilling her promises to promote Spanish trade with Central and South America, promises which now are re-peated by wireless.

CHICAGO LABOR BACK

AGAIN IN HARNESS

Chicago, Sept. 3.—Chicago labor is back in the harness again today, but there's a difference. There is the knowledge that yesterday it put on one of the largest parades ever held in this or any other city.

The parade was a marked success, not only for the thousands—figured at 150—who were in the line of march, but also for the thousands whose absence was eloquent.

for the thousands whose absence eloquent.
For the youth of Chicago's labor was not present physically, although here and there could be seen the one, two or three-starred service flag which represented

them.

The parade with its floats and its banners of high pledges to America's one
purpose, over, that 150,000 have returned
to the shops and benches where they are
replacing those for whom they wear the
emblems of army service.

PRESIDENT TO MAKE A LECTURE JAUNT
Washington, Sept. 3.—Under the tentative program for President Wilson's fourth liberty loan speaking tour, the president probably will leave Washington about Sept. 30 to be away throughout the three weeks of the loan campaign period. In a swing that may carry him to the Pacic coast, he expects to make stops in nearly every section of the country.
